

GALATIANS

LESSON SIX: 4:1-20

1. Why is a (minor) child who is an heir no different than a slave? How does this explain the position the Jews were in prior to God sending His Son?
2. What is meant by the "fulness of the time"?
3. Why are the Jewish Christians no longer slaves, but sons?
4. What are the "weak and worthless elementary things" ("weak and beggarly elements" KJV)? How had the Galatians turned back to them and how were they enslaved by them? Why did their actions make Paul's labor vain?
5. How did the Galatians receive Paul when he preached the gospel to them the first time?
7. Who were the "they" who were seeking the Galatians and why were they doing it?
8. How did Paul view his relationship with the Galatians and how did he view their spiritual condition at the time he wrote this letter?
