

Wednesday, January 27th: Joshua 13:8 – Joshua 18:28

- 1.) What is the significance of all of the detail that we are given concerning the land that was distributed and how it was divided up?
- 2.) What was the difference between the half-tribe of Manasseh, the Reubenites & the Gadites from the other 9½ tribes?
- 3.) Why was there a difference?
- 4.) Which tribe was to receive no inheritance of land?
- 5.) Why were they not to receive an inheritance of land?
- 6.) How was the inheritance determined for the 9½ tribes? Why was it done that way? Where else do we know this person from?
- 7.) How was Caleb's inheritance determined?
- 8.) Why was Caleb's inheritance determined differently than the rest?
- 9.) After Caleb received his inheritance which tribe was the first to receive its inheritance?
- 10.) How did Caleb decide who would marry his daughter? Who did this?
- 11.) Which was the next tribe to receive an inheritance?
- 12.) What more did this tribe ask Joshua for?
- 13.) What was Joshua's response? How did they respond to him?
- 14.) After these two tribes received their inheritance, what did Joshua instruct them to do?
- 15.) How would the land be divided up at that point?
- 16.) Where was Joshua when he divided this land?
- 17.) Which was the next tribe to receive a lot?
